To Whom It May Concern:

My name is Dennis B. Reiff, Doctor of Chiropractic. I am writing this letter to document my experience with NeuroModulation Technique (NMT).

I have been an actively practicing licensed Doctor of Chiropractic for twenty-three years. I have a solo private practice located at 1935 Green Lane Road, Lansdale, Pennsylvania. My practice includes many alternative and holistic healthcare protocols and techniques. In addition to Chiropractic, these include: nutrition, homeopathy, meridian therapy, physiotherapy and rehabilitation.

Most recently I have received postgraduate seminar training during this past year and have implemented NMT to augment my practice. I can affirm that NMT is in fact taught by the NMT seminar manual, is useful in treating patients and that the system works as disclosed. NMT has been most helpful for my patients and me in addressing the health concerns of those patients presenting with chronic pain, immune system and hormonal dysfunction.

Sincerely,

Dennis B. Reiff, D.C.
